## Headline:

Junior Front-End Developer | HTML5, CSS3, JavaScript, React.js | Responsive Design & User Interfaces | Agile & Git | Social Work Graduate | 2025.

## Open to :
**Add Title :**
**Location :** Cairo, Egypt .

## About :

I am a results-oriented Social Work graduate with a strong passion and proven skills in building dynamic, user-friendly web applications. Proficient in HTML5, CSS3, JavaScript (ES6+), and React.js, I specialize in creating responsive designs that deliver seamless user experiences across devices. I have hands-on experience with React hooks such as Context API, useState, and useEffect, and I am well-versed in navigation techniques including useParams, useNavigate, and useLocation.

Collaborating effectively within Agile teams, I utilize Git and GitHub for version control to ensure smooth project workflows and code management. I am also experienced in integrating APIs and ensuring cross-browser compatibility to deliver robust and accessible web solutions.

Among my projects, I developed a full-featured E-Commerce store leveraging React, enhancing user experience with advanced tools like React Hot Toast, Framer Motion, and Swiper React for smooth animations and transitions. Additionally, I created a Todo application to improve task organization and a real-time Weather app that provides location-based forecasts, demonstrating my ability to build practical and interactive applications.

Graduating with a Bachelor's Degree in Social Work from Helwan University in 2025, I am eager to apply my technical expertise and problem-solving mindset as a Junior Front-End Developer, contributing high-quality solutions and driving innovation in web development.

## Top Skills:

HTML5 & CSS3
JavaScript (ES6+)
React.js
Git & GitHub
Responsive Web Design

=====================================

## EDUCATION:

**1- School :** Helwan University
**Degree :** Bachelor's Degree
**Field of study :** in Social Work
**Date:** 2025

==============================

## PROJECTS :

**1- E-Commerce Store Development .**
**2026**

**Description:**
Designed and developed a full-featured online store using React.

Implemented key React hooks including Context API, useState, useEffect, useContext.

Utilized navigation methods such as useParams, useNavigate, and useLocation.

Enhanced user experience with React Hot Toast, Framer Motion, and Swiper React for smooth animations and transitions.

===============================

**2- Todo Application   .**
**2025**

**Description:**
Developed a task management app for efficient to-do list organization and tracking.

==============================

**3- Weather Application   .**
**2025**

**Description:**
Created an interactive weather app offering real-time updates and forecasts based on user location.

# Skills :

**Technical Skills**

1. HTML5
2. CSS3
3. JavaScript (ES6+)
4. React.js
5. React Hooks
6. Context API
7. useState
8. useEffect
9. useContext
10. useParams
11. useNavigate
12. useLocation
13. Responsive Web Design
14. Cross-Browser Compatibility
15. API Integration
16. RESTful APIs
17. Git
18. GitHub
19. Version Control
20. Agile Methodologies
21. Scrum
22. Front-End Development
23. User Interface (UI) Design
24. User Experience (UX)
25. React Router
26. React Hot Toast
27. Framer Motion
28. Swiper React
29. Web Animations

30. State Management
31. Debugging
32. Code Refactoring
33. Component-Based Architecture
34. JavaScript DOM Manipulation
35. CSS Flexbox
36. CSS Grid
37. SASS/SCSS (if familiar)
38. Bootstrap (if familiar)
39. Web Performance Optimization
40. Accessibility (a11y)
41. Webpack (if familiar)
42. Babel (if familiar)
43. Testing and Debugging
44. Chrome DevTools

## Soft Skills & Other Relevant Skills

45. Problem Solving
46. Critical Thinking
47. Collaboration
48. Communication
49. Time Management
50. Attention to Detail
51. Adaptability
52. Self-Learning
53. Teamwork
54. Creativity
55. User-Centered Design
56. Project Management Basics
57. Analytical Thinking
58. Multitasking
59. Customer Focus
60. Continuous Improvement
